## DETAILED ACTION

### ***Reasons for Allowance***

Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claim 1, the closest prior art of record, Dacus et al (Fig. 4) does not disclose at least the following limitations: the open-loop control signal based on the characteristic monitored during a previous operating interval. Regarding claim 11, the closest prior art of record, Dacus et al (Fig. 4) does not disclose at least the following limitations: generating an updated open-loop control signal based on the characteristic monitored. Regarding claim 21, the closest prior art of record, Dacus et al (Fig. 4) does not disclose at least the following limitations: providing an open loop control signal to the amplifier based on the change in load impedance monitored during at least one previous active interval of the amplifier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry Choe whose telephone number is (571) 272-1760.
